Dear Partners,

Approximately 40,000 Canadians are currently living with a spinal cord injury and about 1,000 Canadians acquire a new spinal cord injury or disease each year. These individuals not only have to adjust to their new circumstance, but must also be cautious of many secondary complications including: pressure sores, osteoporosis, depression, etc. How can you assist their rehab process to allow for a smooth transition back into the community?

On October 17-19, 2019 join international research leaders in spinal cord injury, clinicians and consumers in Niagara Falls, Ontario for the Canadian Spinal Cord Injury Rehabilitation Association (CSCI-RA) 8th National Conference. The Conference organizing committee is putting together an exciting program featuring keynote addresses, podium and poster presentations, workshops, and breakout sessions. Additional highlights include a hands-on pre-course and a delegate reception. The 8th National Spinal Cord Injury conference was a huge success attracting over 400 delegates from across Canada and internationally. By sponsoring this conference, you will have an open gateway to over 400 healthcare professionals and decision-makers within the spinal cord injury field.
